#### Introduced by Governor Frederick Gardner as "the Father of World Democracy."

#### COLISEUM, ST. LOUIS, Sept. 5.—In two addresses here today, President Wilson discussed at length disputed points of the peace treaty and invited those who oppose it to prove whether they "are not absolute, contemptible quitters if they do not see the game through."

The President defended the Shantung provision as the only possible solution in her efforts to regain control of Shantung Province. Analyzing Article X of the league covenant, he said the league council could only advise and could not do that without concurrence of the American members. The right of refusal, he asserted, was scrupulously preserved.

The President's first address was at a chamber of commerce luncheon after he had been cheered along the route of a seven-mile automobile ride through the streets of the city.

Following the midday address the President and Mrs. Wilson went for an automobile ride and stopped at Washington University to visit several members of the faculty who were hard core of the executive.

The presidential party arrived shortly after 6 o'clock at the Coliseum, where many national conventions have been held. When the President arrived the crowd that packed the hall thousands of people were waiting.

Thousands of people were waiting to see the President. The President and Mrs. Wilson were greeted by a large crowd of people.

The President was introduced by Governor Frederick D. Gardner, who said the people of Missouri never had more pride and stopped at a hotel.

When the Governor introduced Mr. Wilson as "the father of world democracy," there was another burst of applause. A photographer in a look-alike called out "America" and the President called out "America" in response.

#### Liners From Liverpool Booked to February

(By Universal Service.)  
LONDON, Sept. 5.—Liners bound for New York from Liverpool are booked to sail next February. Only occasionally a berth is found vacant, and then by accident.

The Holland-American Line has a few berths open for late in November, and other lines have a handful for December. The passengers are nearly all Americans who wish to escape the rigors of winter in Europe. Thousands of Americans are seeking passage. Some have taken residences in Liverpool or Southampton in hopes of getting passage before the winter sets in. The Americans are even "signaling" as stevedores or stewards to get back to America that way. Except for business men, few British passengers are booking passage for America just now.

#### SHERMAN FLAYS WILSON FOR COLUMBUS SPEECH

#### Illinois Senator Declares Public Officials Have Been Impached for Less.

#### SEES APPEAL TO LAWLESS

#### Assails President Has Yoked Himself Up With Revolutionaries and Cannot Check Their Mad Race.

(By Associated Press.)  
WASHINGTON, Sept. 5.—President Wilson's declaration in his address yesterday at Columbus, O., that the international law conference provided for in the peace treaty would be held here next month regardless of whether the Senate had ratified the peace treaty in the meantime, was attacked in the Senate today by Senator Sherman, Republican, Illinois, declaring the President's declaration indicated "contemptuous disregard" for the law.

The Illinois Senator said: "The President's declaration has been imputed to the President a violation of the laws of our country."

"Next month," said Senator Sherman, "we are notified the President proposes to assemble in this country the representatives of various countries under the labor articles of a treaty unratified by our country. It is his declaration to convene on American soil a meeting of alien governments with our regard for the law of this republic or not."

"Limiting the laborers of this country to the narrow definition of the President, even there is no land in which the laborer is to be protected and cared for as ours. This paragraph of the President's address is 100 per cent a lawless, a covert invitation to ever-present dissatisfied restless elements."

"The President himself has played with firebrands sufficiently to have incited the laborer to the danger. He has yoked himself up with revolutionaries so frequently as to know he cannot control his mad race to the goal of lawlessness. His open invitation to lawlessness is a call to arms. He proposes to convene on American soil radicals as well as others from foreign governments in a proclamation of lawlessness and contemptuous disregard of the United States government."

"Again we have one who declared, 'I am the state.' Have the American people elected Presidents and beget to elect Kings? Public officials have been impeached for less flagrant violations of the laws of their country than this."

#### OPPOSITIONS OF TREATY SETTLE ON PLANS TO BEGIN THEIR BATTLE

#### Opening Gun Will Be Fired in Chicago Auditorium Next Wednesday Night.

(By Universal Service.)  
WASHINGTON, Sept. 5.—Senators opposed to the peace treaty have finally settled upon plans to carry their reasons for opposing it to the people of the country. They will begin their tour with a mass-meeting in the auditorium, Chicago, next Wednesday night, which will be addressed by Senators Hiram Johnson, of California; William E. Borah, of Idaho; and Medill McCormick, of Illinois.

Senator Johnson, who is going to Indianapolis for a meeting Thursday night, St. Louis Friday and Chicago Saturday, will join Senator Borah for a meeting, probably in Des Moines, Iowa, the following day, and then go to Minneapolis and thence to the Pacific Coast.

Senator Borah's plans after the Chicago meeting are not determined upon, but it is planned to have him speak in Iowa, Nebraska, and possibly Minnesota.

Meanwhile, there will be speeches by Senator James A. Reed, of Missouri, in Akron, Ohio, next Sunday night, and in Boston Monday. Senator Hiram Johnson, of California, will speak in Washington, D. C., next Thursday and in Pittsburgh Friday.

Senator Woodworth, of New York, is to speak against the treaty at Salem, N. Y., next Tuesday.

#### STEEL MEN'S STRIKE HANGS IN BALANCE

#### Urgent Message to Act Is Sent to President Wilson by Leaders.

#### CLAIM MEN ARE DISCHARGED

#### Asserted Workers Cannot Be Held in Check Much Longer.

(By Universal Service.)  
WASHINGTON, Sept. 5.—The threatened strike of the employees of the United States Steel Corporation is again hanging in the balance.

Not having heard from President Wilson since a week ago today, when he was asked at the White House to effect a conference with the steel corporation, President Gompers, of the American Federation of Labor, and the steel workers' committee, today wired the President to tell them whether a conference with the steel corporation is possible.

They asked the President to reply by Tuesday morning, as a meeting will then be held in Washington of all the presidents of the twenty-five international unions in the steel industry to take such action regarding the proposed strike as they deem necessary.

"President Gompers and the other members of the committee state plainly in the wire to the President that the situation of the steel workers is critical, and that the men are so indignant over the acts of their employers that they cannot be expected to agree to a restraint from striking much longer."

#### Telegram Urges Action.

The telegram urges the President in spite of his present speech-making mission in behalf of the peace treaty and the league of nations to give his attention to the steel situation, saying:

"If the men can no longer be restrained, it is impossible to foresee what the future may hold in store for an industrial crisis which may ensue and frustrate the project which you have called for the matter in controversy."

The committee also recalls to the President his own declaration of endeavor to bring about a conference for the honorable and peaceful adjustment of the matter in controversy.

Should the President fail to satisfy the committee as to progress made to date, the committee, as demanded by the workers, will judge it necessary to call a meeting of the United States Steel Corporation, and the strike will be called off.

#### 200,000 Workers Affected

The number of employees of all classes of the United States Steel Corporation is said to be 200,000. Labor organizations claim that 125,000 workers in the various trades are now members of one or another of the twenty-five international unions in the industry.

Labor leaders here declared that any prolonged delay in calling a strike would simply mean the defeat of the steel corporation. They declare that the steel corporation is a discredited enterprise which has been organized by the steel corporation, and that to await the outcome of the capital and labor conference is to await defeat.

Inasmuch as the President has not yet taken any action, the labor leaders efforts to induce the steel corporation to meet the workers' committee, the labor leaders assume that Judge Gary has remained just as adamant to executive efforts as he was to the repeated requests of the committee.

The labor leaders also declare that the steel corporation is more than willing to have a strike at this time.

#### JAPAN APOLOGIZES TO U. S. FOR ARREST OF AMERICAN

#### American Government Protested Because Incident Took Place on Chinese Territory.

(By Associated Press.)  
WASHINGTON, Sept. 5.—Arrest of S. W. Glass, an American citizen, in China by Japanese soldiers, was announced today by the State Department, together with the statement that the Japanese authorities and the soldiers punished and two officers with him imprisoned, setting Secretary Phillips said the incident thus had been settled satisfactorily.

Glass, an employee of the British-American Tobacco Company, was walking on a road between the railway station and the town of Pancheng when a Japanese soldier came up behind him, followed by two Japanese officers, and attempted to push him from the road. Glass resisted and was arrested.

The American government protested on the ground that the Japanese had no right to arrest an American on Chinese territory.

#### HUNG HURTS SO FAR IN MANASSAS CASE

#### After Forty Minutes Deliberation Announcement Is Made of Inability to Agree.

#### REPORT AGAIN THIS MORNING

#### Hall Takes Stand and Claims He Fired Only in Self-Defense.

(By Associated Press.)  
MANASSAS, VA., Sept. 5.—After forty minutes' deliberation, the jury announced they were unable to reach a verdict in the case of W. C. Hall, prohibition agent, on trial in connection with the fatal shooting of Lawrence W. Hudson and Raymond C. Shackelford, alleged blockade whiskey runners, near Winchester, last March.

The jury was excused until 10 A. M. tomorrow, when another effort will be made to reach a verdict. The jury was given the case at 6 P. M. today, when adjournment was taken for dinner until 7 P. M. Forty minutes later the jury returned to the courtroom and announced their failure to agree. The small courtroom was packed with men and women during the day.

#### Hall Goes on Stand.

Hall took the stand today and entered a plea of self-defense. He claimed he was fired upon twice by Shackelford before he drew his weapon and fired into the car when he was being dragged in the front part by Hudson. He was struck over the head with a whiskey bottle by Hudson, he declared, and then he fired another shot, which lodged the fatal wound in the two men, and two more shots which struck Hudson.

Hall denied that he had remarked he "would get even with Shackelford if it took twenty years," in response to a question by counsel for the prosecution.

Mrs. Shackelford was recalled to the stand by the prosecution and testified that her husband was not a professional "bootlegger," and that the trip which ended in his death was the first of its kind her husband had ever taken. She said he went to Baltimore because he was offered \$350 to make the journey.

#### Pat Flynn Is Witness.

Patrick Flynn, constable of Chesterfield County, testified he had known Shackelford as a whiskey runner, and that he had seen him with Hudson and Shackelford on several "whiskey trips."

John Carter, Commonwealth's attorney for Danville, testified that he had a bad reputation among the law-abiding.

#### ALVARADO LAYS BARE CONDITIONS IN MEXICO WITH SCATHING WORDS

#### Warns Carranza That Intervention by United States Is Imminent.

(By Associated Press.)  
WASHINGTON, Sept. 5.—Warning Mexico that intervention by the United States is imminent, General Salvador Alvarado, one of the leaders of the Carranza movement, today issued a statement in which he warned Carranza and General Obregon and Gonzales, in which he warned Carranza and General Obregon and Gonzales, in which he warned Carranza and General Obregon and Gonzales.

Alvarado, who attracted attention of the Carranza leaders, today issued a statement in which he warned Carranza and General Obregon and Gonzales, in which he warned Carranza and General Obregon and Gonzales.

Alvarado declares Mexico has passed from an extreme of an irresponsible, obstructionist Congress to the other extreme of a sign that members of Carranza's inner circle realize the danger of Carranza's position.

The full text of Alvarado's remarkable communication has just reached the State Department, and the Federal regard it as a sign that members of Carranza's inner circle realize the danger of Carranza's position.

#### Executive Council of Federation of Labor Issues Statement Bearing on Situation.

(By Associated Press.)  
WASHINGTON, Sept. 5.—Application of the principles of the league of nations covenant to the Mexican situation has been endorsed by the American Federation of Labor, through its executive council, which today issued a statement setting forth a stand taken by the council at its meeting here.

"Having just passed through a bitter struggle for the overthrow of autocracy and the establishment of the development of justice and democracy," the statement said, "having made tremendous sacrifices in the past for the development of justice and democracy, the executive council expressed the judgment that the principles involved in the league of nations covenant should be applied to the present situation between Mexico and the United States."

#### President Gives Senate More Information Regarding Rhine Territorial Agreement

(By Associated Press.)  
WASHINGTON, Sept. 5.—President Wilson, in a letter presented in the Senate today by Charles McNamara, of the Foreign Relations Committee, submitted further information regarding the Rhine territorial agreement. The President said it might be of service in concluding the respective jurisdiction of military forces in the Rhine district and the inter-allied high civilian commission.

President of Senator McCumber's proposed substitute reservations today was regarded as definitive. In private conference today it was said, however, that much progress was toward a compromise. Some Senators were understood to be counting on strong Democratic support for the McCumber reservations.

The substitute by Senator McCumber follows:

That the advice and suggestions of the council (of the league) as to the means of carrying out the obligations (Article 13) into effect, may require the use of American military or naval forces, or economic measures, shall not constitute a violation of the treaty.

The Foreign Relations Committee, however, in its report, said that the action of the Congress, and that the failure of the Congress to adopt the McCumber reservations, would be a violation of the treaty.

#### MOVE TO AMEND TREATY GAINS GROUND IN SENATE

#### Democrats Say President Faces Superhuman Task in Having Pact Unreservedly Ratified.

#### BELIEVE HE CANNOT GET VOTES

#### Senator Hoke Smith Declares Any Statement to Effect He Will Support Document Without Reservations Is Wholly Unauthorized.

(By Universal Service.)  
WASHINGTON, Sept. 5.—The movement in the Senate for ratifying the peace treaty with reservations similar to those recommended in the Foreign Relations Committee's resolution of ratification gained considerable momentum today.

The accessions to the ranks of the reservationists came not only from the group of Republican Senators who have been holding out faint hopes that the treaty might be ratified just as it is, but also from the Democratic side, where there are a number of Senators willing to join with the Republicans in opposing the Lodge program.

The general belief expressed today among Senators is that the President will face a superhuman task if he persists in his effort to put the treaty through unamended and unreserved. They simply cannot see where he is going to get the votes to do it.

#### Survey Forces Made.

A survey of the Democratic side brings to light these interesting facts: 1. Senator Ashurst, of Arizona, has to be won over by the Democratic side, that there are not more than twenty-seven Democratic Senators who will vote for the ratification of the treaty without reservations.

2. Senator Thomas, of Colorado, announced that he will vote for reservations, that he likes the reservations adopted by the committee and may propose some changes in them; furthermore, he will offer some reservations of his own and will introduce some amendments to the labor sections in the treaty.

3. Senator Hoke Smith, of Georgia, declared that any statement to the effect that he would support the treaty without reservations is wholly unauthorized. It is known that Senator Smith favors the ratification of the treaty, and that he would like to go farther than the committee by adding no American reservation to the treaty.

4. Senator Gore, of Oklahoma, favors reservations and will offer some amendments, among them being the one to recognize the right of Ireland to freedom.

5. Senator Walsh, of Massachusetts, will vote for reservations while Senator Reed, of Missouri, has been against the entire treaty from the very start and will continue to be against it to the end.

#### EXECUTIVE SIGNS FOUR NEW HIGHWAY SYSTEM MEASURES

#### Bill Providing for State Commission Among Those Receiving Approval.

#### GENERAL PROPERTY LEVY AND AUTO TAX NOW LAWS

#### Appropriation for State Aid to County Roads Also Given Executive Approval.

#### FIGHTS FOR REGULAR SESSION

#### Legislative Battles Expected Over Abolition of Prohibition Department and Equalizing Taxes.

By attaching his signature to four highway bills, Governor Davis yesterday gave the finishing touch to legislation, at the special session of the General Assembly, which marks the beginning of unprecedented road construction in Virginia.

These measures provide:

An additional levy of 7 cents on general property, the revenue derived in this manner to be used for meeting the Federal aid for the maintenance of highways embraced in the State system of roads.

A State highway commission of five members, appointive by the Governor and subject to approval by the Senate. The statute provides that, as far as possible, the members shall be chosen from subdivisions of the State shall have representation on the commission, which will be the five geographical areas.

The commission will be organized on November 1. Its task will be to draw up and make effective rules for the State highway system, to act as an appeal board in cases where local and local authorities protest against the action of the commission in selecting routes to be included in the State system, and to appoint the apportionment of funds by the State for the maintenance of highways.

Another measure provides that the State shall have administrative authority over the department and has the right to require the department to construct by the Legislature to be a peculiar feature of the highway system.

#### Money for County Roads

An appropriation of \$800,000 for use in the construction and maintenance of county roads during the next two years. The measure provides that the State shall have administrative authority over the department and has the right to require the department to construct by the Legislature to be a peculiar feature of the highway system.
